Plenty of medal contenders of the 2017 FINA Masters World Championships are among the competitors of this year's last long-course Hungarian masters swimming meet, which will take place on 12 and 13 November in Hódmezővásárhely. 76-year-old Miklós Kováts, who won four gold medals in the 2016 European Masters Championships in London and broke the European record in the 50 m backstroke as a member of the medley relay team, will enter the event, like double gold medallist of the 2014 FINA Masters World Championships Erzsébet Éva Nagy, double gold medallist of the 2016 Masters ECH, triple silver medallist of the 2015 FINA Masters WCH, Dianna Szokol and hopefully the 96-year-old Béla Bánki Horváth, who captured five gold medals in last year's FINA Masters WCH in Kazan, will participate, too.
