The weather was beautiful, and the atmosphere simply great on Saturday afternoon in the Day of Hungarian Swimming in Balatonfüred. After the FINA/HOSA Marathon Swimming World Cup it were the participants of the event „Champions of the Future” who jumped in the water, followed by the swimmers of the Hungarian masters championship and then the Olympic Swimming Festival. The distance was 2017 meters, symbolizing the year of the next FINA World Championships in Budapest and Balatonfüred. Doyen of the day was an 80 year-old Slovak.
